Dear Ms. Brown:

The U.S. Environmental Protection Agency (EPA) has a repository established at Clanzel T. Brown Community Center for the Brown's Dump Superfund Site. The repository serves as a convenient location for public access to and review of documents related to the Brown's Dump Site. Presently, there are many items already available for public viewing in the repository. Enclosed with this letter is one additional item for the repository:

1. Final Ecological Risk Assessment

The EPA is requesting that this item be added to/placed in the Brown's Dump Superfund Site repository. If you have any questions or require additional instructions as to your responsibilities as a repository, please feel free to call me at (404) 562-8938 or 800 435-9234.

Sincerely,
